Request for Certificate of Correction

Sir:

It is respectfully requested that a Certificate of Correction be issued in the above-identified patent to correct errors in specification, the claims and drawing of the issued patent. The present Request repeats the corrections set forth in the prior Request of August 28, 2000, which was received in the United States Patent and Trademark Office September 7, 2000 but for which no response has been issued.

The error in the specification occurs at column 2, line 51 where Q₁ should be replaced by Q₃, as at page 4, line 16 of the specification as originally filed., as noted in the prior Request.

The errors in the claims occur at column 3, lines 28-29 and column 4, lines 27-28 wherein the recitation of "glow discharge" was inadvertently set forth and should be changed to "arc discharge", consistent with the specification, e.g., column 3, lines 11.

The error in the drawing occurs in Fig. 9 where the transistor designation G₃ should be changed to Q₃, as noted in the prior Request.
